01 / IDENTITY SYSTEM 1.0

Your logistics company, connected.

Run the movement. Know the margin.

A record follows the movement.

Purpose

Keep operational records, source documents and commercial context together.

PRECISE

DEPENDABLE

DIRECT

CONNECTED

LOAD | BY | TON.store

One parent. A connected product family.

LOAD|BY|TON / parent identity

LOAD|BY|TON.store / commerce and workspace

Loadbyton OS / operating-platform shorthand

Two dividers. One context.

LOAD | BY | TON .store

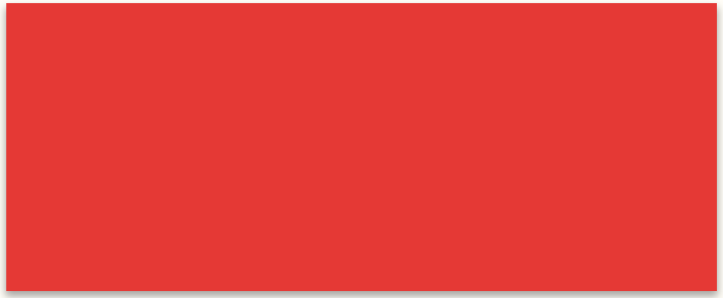

Use outlined SVG masters; preserve clear space and proportions.

Structure. Signal. Space.

Navy / #0F2B3D

Red / #E53935

Warm white / #FFFDF7

Small white labels use #C62828 for AA contrast. RGB proof files need printer ICC conversion.

06 / IDENTITY SYSTEM 1.0

Readable operations.

DISPLAY	BODY	DATA
Geist / 600–700	Inter / 400–600	LBT-2026-001

Noto Sans Arabic is supplied. Arabic wording and brand transliteration still require native review.

07 / IDENTITY SYSTEM 1.0

Say what happens.

Use	Avoid
Review the source document.	Guaranteed savings.
Awaiting independent finance review.	Every wallet works everywhere.
Pilot availability requires confirmation.	Official clearance built in.

One system. Many surfaces.
